

A landscape photograph featuring a vibrant green field in the foreground, a single large, leafy green tree on the right side, and a bright blue sky with scattered white clouds. The text is overlaid in the upper half of the image.

*OUR AIM IS TO REPLACE  
DANGEROUS AND TOXIC PRODUCTS  
WITH ENVIRONMENTAL FRIENDLY & SAFE PRODUCTS*

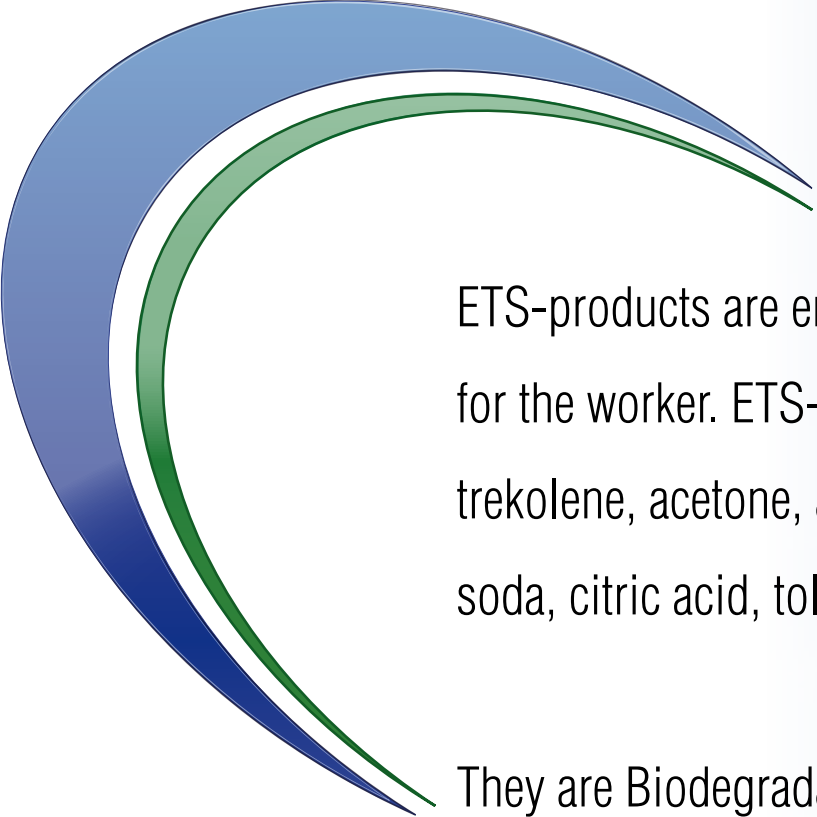

## ABOUT US

ETS International Limited was found in 2007 by Managing Director & COO Jahangir Mirza. ETS International is headquartered in Wiehl-Germany and has Regional Offices in United Kingdom, Turkey, Ireland, USA, Azerbaijan, Pakistan and now in United Arab Emirates and specializes in manufacturing and supply of environmental friendly surface treatment solutions.

We are providing solutions for cleaning and corrosion problems.

Our high-tech products represent the latest development in cleaning products, corrosion prevention and derusting as well as different industrial cleaning, packaging technologies, equipments and services.

ETS-products are environmental friendly, safe for the application and safe for the worker. ETS-products can replace dangerous and toxic products like solvents, trekolene, acetone, acid, alcohol, trichloroethane 111, spirits, paraffin, caustic soda, citric acid, toluene, petrochemicals, etc...

They are Biodegradable, Re-Usable, Water Based and Solvent Free.

Products Distinctive Features are non-flammable, no fumes or gasses produced, free for all applications (e.g. manually, steam machines, compressors, pressure machines, ultrasonic-dip tanks-steam showers, manual-foaming systems-boiling / evaporation) and no transport restriction.

## CERTIFICATIONS

Our products meet the most stringent US and European regulations for solvent free cleaning processes. ETS-Products are conformed and approved by NATO (NSN), Airbus, AMS and Boeing specifications (tested by SMI Inc. USA), Eurocopter, Mil-PRFs. All ingredients used in all our products are registered in line with the REACH-EU directives.

REACH is the European Community Regulation on chemicals and their safe use (EC1907/2006). It deals with the Registration, Evaluation, Authorization and Restriction of Chemical substances. The law entered into force on 1 June 2007.

Our products are also certified by HACCP. It's a management system in which food safety is addressed through the analysis and control of biological, chemical, and physical hazards from raw material production, procurement and handling, to manufacturing, distribution and consumption of the finished product.

## SERVICES

ETS International is a full service provider of professional and customized solutions for your cleaning problems such as:

- Highly Efficient Cleaning Products
- Customized Cleaning Equipments
- Cleaning Staff Training
- Consultancy

***“Our aim is to REPLACE dangerous and toxic products with environmental friendly & safe products”***

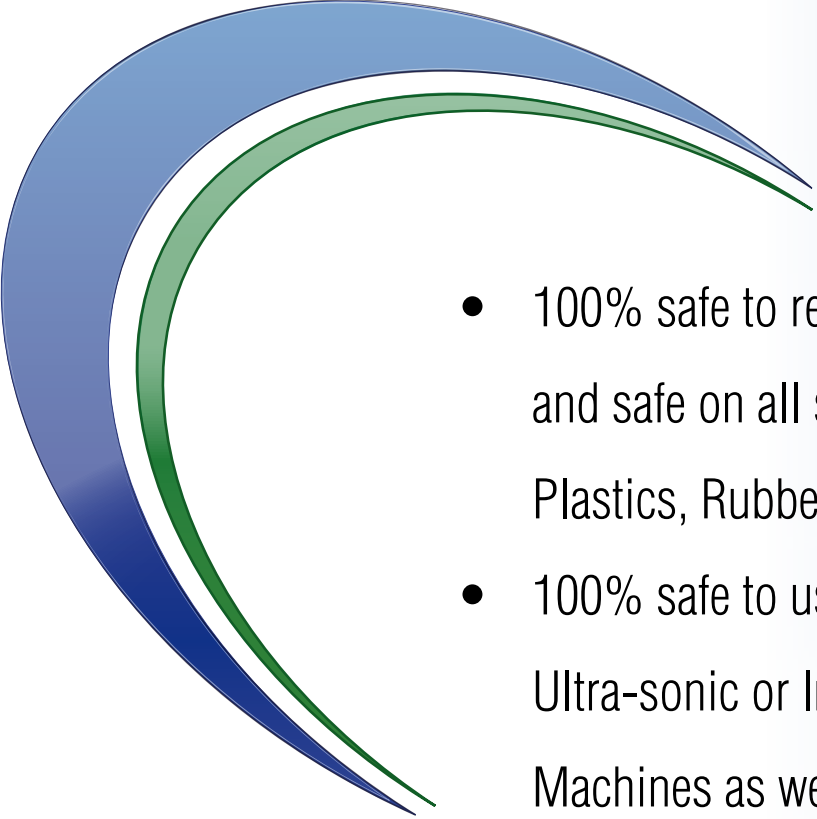

## **THE MAJOR ADVANTAGES OF OUR CLEANERS CAN BE SUMMARIZED AS BELOW**

- Non poisonous /Non Toxic/ Non flammable.
- Not containing Phosphates, acids, silicon's or petrochemicals.

- 100% safe to remove Deep Rust on all types of Mild Steel and Iron, and safe on all surfaces, will not harm Copper, Brass, Aluminum, Plastics, Rubber or Vinyl.
  - 100% safe to use in High-Pressure Machines, Various Cleaning Equipments, Ultra-sonic or Immersion baths, Dip-Tanks or any kind of Industrial Cleaning Machines as well as Manually, with Mop or Brushes.
  - Economic in use as the products can be diluted with water and can be used over and over again.
  - Fast intense, cleaning action surpasses other Cleaners performance.

## ETS PRODUCTS

are available in a concentrated form to allow you the flexibility to dilute with water to the most efficient and economical solution for your unique cleaning process.

We assure to have complete solution of your Maintenance, Cleaning, Derusting and Technical problems with our World leading, extensive and advanced amazing research.

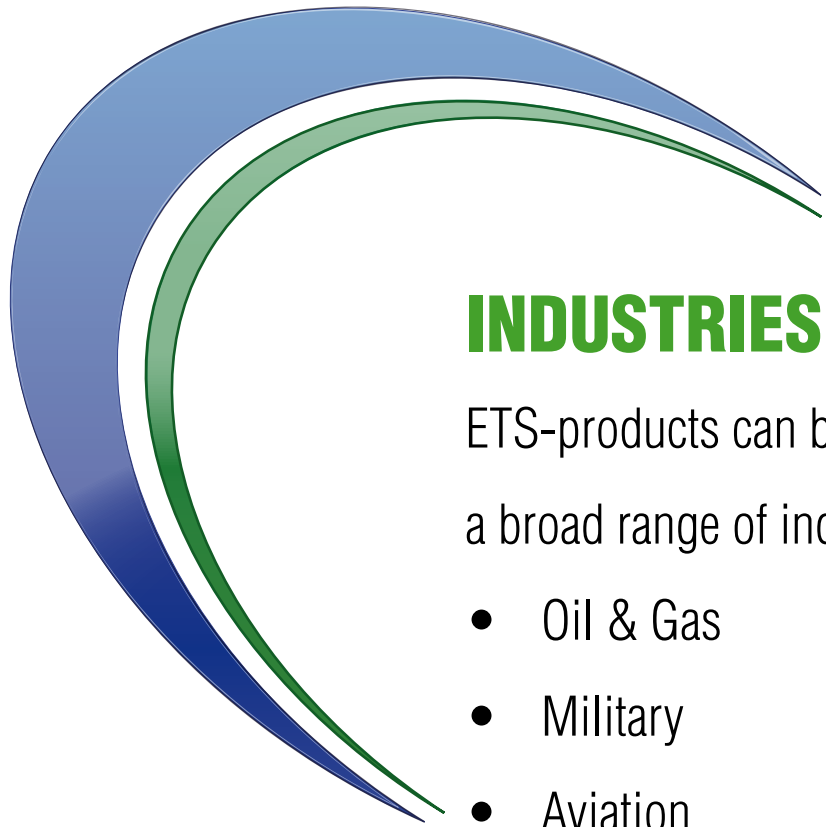

## ETS - PRODUCTS: DISTINCTIVE FEATURES

- Non Flammable
- No Fumes or Gases Produced
- Free for all applications such as:  
manually, steam machines, compressors, pressure machines,  
ultra sonic dip, tanks steam showers, manual foaming systems,  
boiling evaporation.
- No Transport restriction

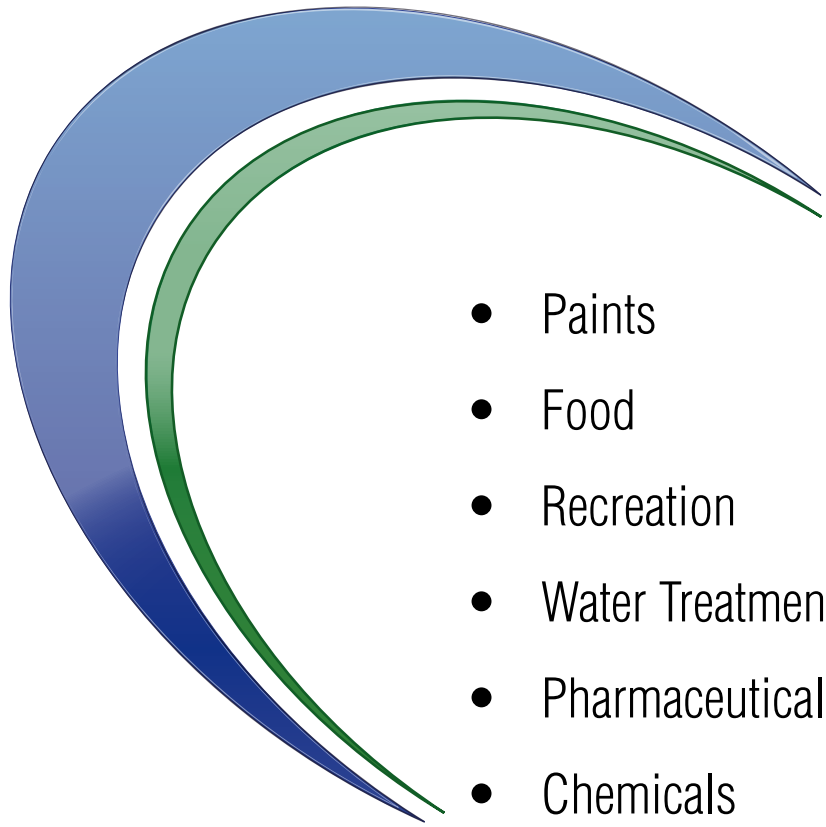

## INDUSTRIES

ETS-products can be used throughout a broad range of industries such as

- Oil & Gas
- Military
- Aviation
- Air Force
- Police
- Runways
- Automotives & Containers
- Hotels

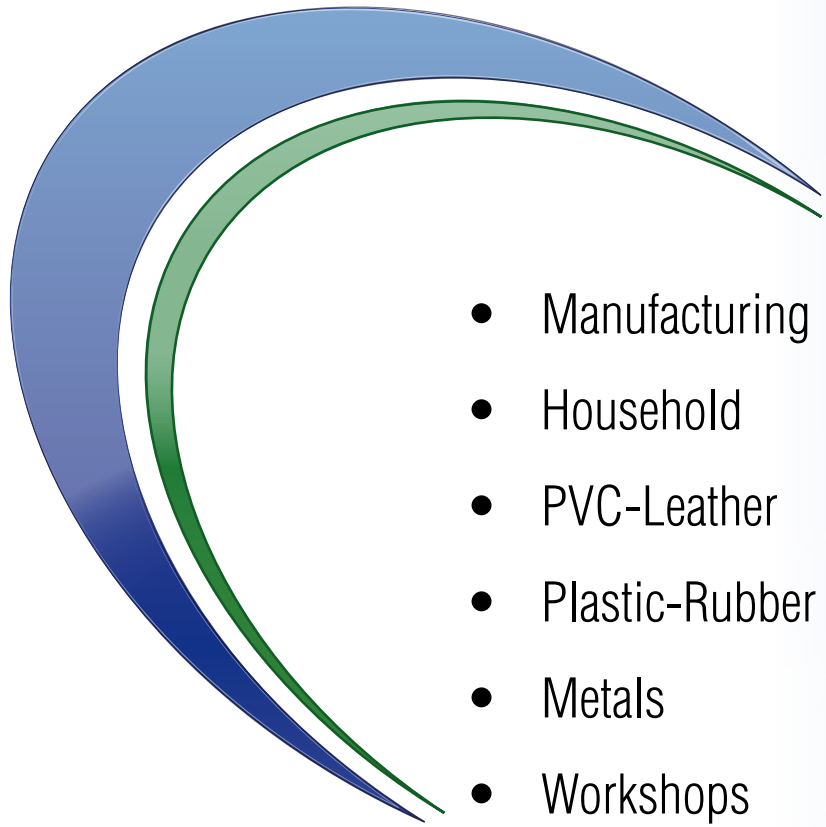

- Paints
- Food
- Recreation
- Water Treatment
- Pharmaceuticals
- Chemicals
- Constructions
- Textile
- Paper, Marine and Shipping
- Offshore
- Rail-Road Transport

- Manufacturing
  - Household
  - PVC-Leather
  - Plastic-Rubber
  - Metals
  - Workshops
  - Maintenance Industries
- and many more
